"I will certainly recommend Journal of Physics: Conference Series to any colleagues who need an excellent proceedings publisher, and I hope to work with you again soon."

DR MARCO CAVAGLIA
UNIVERSITY OF MISSISSIPPI,
GUEST EDITOR OF
VOLUME 33

Journal of Physics: Conference Series (JPCS) is a unique, open-access journal dedicated to providing a fast, flexible and affordable proceedings publishing service. The journal offers rapid publication backed by extensive archiving policies to create a safe long-term open-access record of your event.

Why choose Journal of Physics: Conference Series?

Open access: all articles are free to read and download as soon as they are published.

Fast publication: your proceedings will be online within three months of us receiving the accepted articles.

Comprehensive solution: from plenary to poster papers, large or small events, core physics to multidisciplinary, JPCS can accommodate them all.

Unbeatable flexibility: we will work with you to find the very best solution for your proceedings, helping you to meet editorial objectives within financial constraints.

Excellent service: with professional support and advice at all stages of the publication process, JPCS will make your publishing experience enjoyable and easy.

Streamlined workflow: straightforward PDF file requirements supported by online guidelines, and templates in Word and LaTeX.

What makes Journal of Physics: Conference Series different?

Prepublication approval: organisers are provided with a login to our prepublication servers to check and approve their proceedings prior to online publication.

Conference promotion: as part of the proceedings arrangements, and often at no extra cost, we can provide targeted and effective promotion services for large events.

Peer-review software: for large conferences, JPCS has an arrangement with Editorial Manager™ to provide online manuscript submission and peer-review management facilities.

What are the electronic journal benefits?

JPCS is published as a fully electronic journal and hosted in a world-class online environment that provides:

High visibility: all papers are indexed by Google and Google Scholar, making them easy to find through web searches.

Abstracting and indexing: in Scopus, Scirus, Inspec, ISI Proceedings, Chemical Abstracts, SPIRES, MathSciNet and many others.

Citation counting: all papers are fully citable with citations being tracked via IOP Publishing's Citing Articles facility.

Linked references: IOP Publishing's linking technology makes it easy to find cited papers.

Secure archiving: comprehensive archiving arrangements with LOCKSS and Portico.

What are the publishing options?

JPCS provides a fast, highly versatile and cost-effective proceedings publication service. From online-only proceedings through to printed copies, CDs and DVDs for participants, JPCS offers unbeatable flexibility.

Online-only publication

Every conference is published as an open-access volume of the journal. The simple fee per article publication charge includes:

- Free access for all to read
- Preparation of online abstracts and hyperlinked reference lists
- Unlimited number of pages in each article
- Unlimited use of colour online
- Unlimited additional multimedia items
- Citation tracking

What are the additional publishing options?

JPCS offers a range of printing and CD/DVD publishing solutions. If you need time to select the appropriate solution for your conference, you can delay the decision to buy printed copies or CDs/DVDs until after online publication is complete.

Printed copies: hardback or softback binding, colour printing options, delivery direct to participants or in bulk before or after the conference.

CDs/DVDs: containing a copy of the online proceedings, the CDs/DVDs are available in a variety of packaging solutions.

“I am thrilled with the overall impact of the publication. Congratulations to all concerned at IOP Publishing. Sincere thanks again for your excellent work.”
